Experience

Sr. Product Designer @ RBCx

Vancouver, Canada

Dec 2022 - Aug 2024, Sr. Product Designer, Mydoh

Mentored and supported 2 product designers to uphold the quality bar, while leading high-visibility projects to upgrade key aspects of the product experience.

Child Home Refresh: Revamped the Mydoh child app's Home tab, resulting in a ~9% increase in key feature engagement rate.

Earn Redesign: Overhauled chore creation and management, achieving a 100% task success rate in usability testing.

App Usability Benchmark: Initiated and partnered with Research to establish product usability baselines, guiding optimization efforts.

Design Operations: Led design team rituals, like capacity planning, design reviews, etc., to drive internal design collaboration.

Jul 2021 - Dec 2022, Sr. Product Designer, Dr.Bill

Hired as the 1st designer for Dr.Bill platforms. Partnered with Product and Engineering to deliver end-to-end product experience.

Design System: Established the product's design system, ensuring consistency and simplicity.

Sr. Product Designer @ Flybits Inc.

Toronto, Canada

Nov 2019 - Jul 2021

Worked within cross-functional agile team to design a B2B2C personalization marketing tool (web app) used by financial institutions such as Mastercard, Visa, and TD Bank.

White-label Mobile Content Templates: Streamlined content templates for pilot credit card and consumer banking use cases.

UX/UI Designer @ FreshWorks Studio (EY Design Studio) Victoria, Canada

Feb 2018 - Aug 2019

Worked closely with PM, business analysts, developers and QAs to craft digital solutions for cross-industry clients, including Harbour Air, Hootsuite, BC Government, etc.

Intern, UX Designer @ SAP Canada Inc.

Montreal, Canada

Oct 2016 - Apr 2017

Supported designing the Retail Assortment Planning web application, utilizing the SAP Fiori design system to address design challenges.

About

With 8 years of experience, I've worked across start-ups, agencies, and enterprise SaaS in fintech, health tech, and marketing tech.

I love spending time to analyze and create simple, intuitive product experiences that solve real user problems.
